Hello ARD Colleagues –

Please note this limited hot issues request. Please review the attached agenda, which includes a list of the companies and organizations participating. For any participants with which EPA currently has an ongoing or controversial matter, please provide a brief **hot issue paper to Ariana Conner (copy me) by COB Tuesday, April 10.**

Thank you!

Diane

Diane,

Another hot issue request for the upcoming OH meeting.

John, Sara, Katie, I figure I'd use the talking points at the AAPCA meeting for the Ohio industry meeting (mostly John's stuff). Do you have anything you'd like to add?

Thanks
-Ed

Subject: Preparation for the Ohio Industry Meeting

Good afternoon - Please find attached an agenda for the April 17 Ohio Industry meeting and a list of discussion topics from the industry representative.

In preparation for the Ohio Industry meeting, Ed has requested:

- **Hot Issues** - Please review the attached agenda, which includes a list of the companies and organizations participating. For any participants with which EPA currently has an ongoing or controversial matter, please provide a brief **hot issue paper to me no later than Thursday, April 12 at 4pm.**
- **Introductory Remarks** - Participants from **ARD, SFD, WD, and LCD** will each be asked to speak for 3-5 minutes (see agenda). In preparing your remarks, include divisional priorities for the upcoming year and address discussion topics in the attachment. As it won't be possible to address all of the topics during introductory remarks, please prioritize what you see as most important to the audience and provide a big picture response. We can get into more details during the Q&A. **Please email me your talking points for the introductory remarks by Thursday, April 12 at 4pm.**

Please let me know if you have any questions or concerns.

Thank you,
